

Bin tipper UNLOADER 800

Bin tipper UNLOADER 800 is designed to unload fruits, berries or vegetables from plastic or wooden pallet boxes. It is used as a first processing step to transfer the products to the next stages of processing: washing, sorting or crushing.

Bin tipper lifts the box and pours out the products into a sorting conveyor, AQUA or MAXIMILL.

- Bin tipper is entirely made of stainless steel.
- Machine has a hydraulic drive.
- Controls of the machine are very simple: just put the box in and move the control handle to lift it up.
- Suitable for boxes with different dimensions. Max size: 120x120x85 mm.
- Loading power – 800 kg.

Load capacity	kg	800
